State House
Nurses Hall
Boston, MA 02133

Preserving Urban Waterways for the Future: Fenway’s Muddy River

Speakers include:

- Ellen Faszewski, Chair of Wheelock College’s Math/Science Department
- Henderson Pritchard, Director of the COF Center for Sustainability and the Environment
- Frances Allou Gershwin, Chair of Maintenance and Management Oversight Committee of the Muddy River Restoration Project
- Kevin Kareckas, President Wheelock Student Government Association, Math/Science and Elementary Education major

*Breakfast will be served*

Presented in partnership with Representative Kay Khan
House Chair, Committee on Children, Families and Persons with Disabilities

Guided by its mission, to improve the lives of children and families, Wheelock College works with community partners and organizations to inform legislative discussion on policies that impact the lives of children, families and the practitioners who work to support them in Massachusetts and beyond.

A special thanks to the COF Center for Sustainability and the Environment and the Management Oversight Committee of the Muddy River Restoration Project
