REUNION CLASS AWARDS
Each year, Reunion Classes are recognized for their attendance during Reunion Weekend and for their commitment to the Wheelock College Annual Fund, which supports student scholarships. Reunion classes have a special impact on the College’s ability to provide scholarship aid to deserving Wheelock students, as they often contribute a significant percentage of the yearly Annual Fund total.

THE GERTRUDE ABBIHL PRIZE:
The Gertrude Abbihl Prize (a silver bowl) was named in honor of a former faculty member who attended 45 consecutive Reunion luncheons. This prize is presented to the Reunion class with the highest percentage of members attending the Annual Luncheon.

THE BEULAH ANGELL WETHERBEE PRIZE:
The Beulah Angell Wetherbee Prize (a silver tray) is presented to the Reunion class with the highest percentage of donors to the College. The prize was named for a Class of 1933 class agent who encouraged her classmates to participation rates as high as 98.9 percent!

THE DR. FRANCES GRAVES PRIZE:
Dr. Frances Graves, Class of 1909, believed so strongly in student scholarships that she made arrangements in her will for the Annual Fund to receive a gift in her name each year. The prize (a silver frame), engraved with Dr. Graves’ name, will feature a picture of the class that raises the largest collective gift for Wheelock during their Reunion year.

Please help your class help Wheelock students by considering a gift of any size to the Annual Fund during your Reunion year. To make a contribution, or to find out how your class is doing, please visit http://www.wheelock.edu/giving/reunion-and-class-giving or call (617) 879-2328.
Dear Reunion Class Member,

Congratulations on your Reunion! I serve on the Alumni Association Board as chair of the Alumni Awards Committee. Each year, we honor with “Making a Difference” Service Awards alumni who are making a difference by using their Wheelock training in both traditional and unusual ways. Finding these alumni can be tricky, so I am hoping you can help.

Do you know someone who is celebrating a reunion this year who should be honored for his or her work? We appreciate and value all kinds of work that makes a difference for children, families, and adults. In the past, we have given awards to those who:

- Held volunteer or paid positions
- Were involved in organizations and/or schools that served a local community or were involved in national and international efforts
- Provided direct service to others, raised funds for an important cause, or contributed to research and policy that had the potential to impact many
- Contributed to a single, intensive project or became involved in several different initiatives over a longer period of time.

Here are a few examples of what past alumni award recipients did to “Make a Difference”:

- Worked with the nonprofit Lillydale Literacy Project in South Africa, helping South African village teachers to learn English as a second language. The alumna formed a nonprofit organization and has done fundraising to get support for the teachers’ training, books, computers, travel, etc.
- Was responsible for all campus-based child care centers for the entire CUNY system, including special education services for the children in the centers, and supported parents who were juggling family demands while working on a degree.
- Worked as an elementary teacher for many years and took an active role in her church and community.
- Worked extensively with the elderly population and founded an organization serving senior citizens.
- Raised numerous foster children as well as three of her own while teaching full time.
- Taught in an integrated preschool classroom and has been a strong advocate who has helped build the Norfolk, VA, integrated preschool program to an exceptionally high standard.

Please review the next page for more information about nominating a classmate or friend. I would love to see a nomination received from each class. Please do not hesitate to contact the Office of Alumni Relations at (617) 879-2286 with any questions.

Many thanks,

Joan Anderson Watts ’65/’83MS
